SUBJECT: Appointment of Pacific Northwest and Arizona Orders Market Administrator

I am pleased to announce the appointment of Lisa K. Wyatt as Market Administrator, Pacific Northwest and Arizona Milk Marketing Orders effective September 1, 2019.

Lisa has over 35 years of experience working with the USDA-AMS-Dairy Program. Her entire career has been focused on the dairy industries in the Arizona and Pacific Northwest Federal milk marketing orders and she brings a diverse background and vast experiences to this position. Since 2011, Lisa has served as the Assistant Market Administrator for these orders and has been serving as the Acting Market Administrator on a rotational basis, since Bill Wise, former Market Administrator, retired in October 2017. Throughout her time in the Dairy Program, Lisa has held responsibilities for a variety of activities including accounting, audit, human resources, information technology, laboratory services, market information, office management, payroll and pool. Lisa graduated from Ball State University with a Bachelor of Science degree in Management.

I extend a special thank you to Alyce Owen, Assistant Market Administrator, Pacific Northwest and Arizona Federal milk marketing orders, who also has been serving in a rotational acting capacity as Market Administrator since Bill's retirement.

Lisa and the staff look forward to continuing to provide the Pacific Northwest and Arizona dairy industries with excellent customer service.
