CURRENT COMMODITY PRICES

The AMS survey of cheddar cheese prices showed a decrease in prices received for 40-pound blocks and for 500-pound barrels. The survey of 40-pound blocks showed a decrease of 11.64 cents between the June 17 and the July 15 surveys, to \$1.5893 per pound. The survey of 500-pound barrels (adjusted to 38% moisture) showed a decrease of 10.49 cents to \$1.4178 per pound.

The AMS butter price showed a net increase of 15.47 cents between the weeks ending June 17 and July 15 from \$2.4539 per pound to \$2.6086 per pound. The AMS nonfat dry milk showed a net decrease of 1.70 cents since mid-June to \$0.9028 per pound. The average price for AMS whey showed a decrease of 4.53 cents since mid-June to \$0.4467 per pound.

DAIRY MARKET NEWS 101: UNDERSTANDING DAIRY MARKET REPORTS

The USDA Agricultural Marketing Service's Dairy Program will be hosting a free, live, interactive webinar on understanding Dairy Market News (DMN) reports. The webinar will focus on DMN reports and services that can help your business and decision making. From retail to organic, Dairy Market reports covers the supply, demand, and price situation every week on a regional, national, and international basis for milk, butter, cheese, and dry and fluid products. The presentation will be led by Butch Speth, Acting Branch Chief, and Janet Linder, Acting National Supervisor for the Madison, Wisconsin, Dairy Market News office.

Butch and Janet will present an overview of how DMN collects information and direct you to find the latest market news reports and to access data on the DMN website and Market News Portal. Other areas covered include:

- The scope and role of Dairy Market News
- The types of market and price information available free to all users
- The process to access current and historic nonfat dry milk data on the Market News Portal
- And the steps to access domestic and international dry whey reports on the DMN website

The webinar will be on July 27, 2017, from 2:00pm-3:00pm Eastern. To Register, visit www.ams.usda.gov or follow this link.

AMS TO CONDUCT VERIFICATION AUDITS FOR INFANT FORMULA EXPORTS TO CHINA

On June 15, 2017, USDA's Agricultural Marketing Service (AMS) was recognized as a third-party certifier eligible to conduct verification audits against Chinese requirements for U.S. dairy and infant formula plants intending to export to China.

Since May 2014, the Chinese Certification and Accreditation Administration (CNCA) has required dairy and infant formula plants shipping to China be registered through a publication of plant lists. To be on the CNCA's lists, plants must be found compliant with Chinese laws and regulations.

For information about AMS audit verification services, please email Dairy Grading via DairyNFO@ams.usda.gov.

For further information regarding CNCA's registration requirements, please contact the Foreign Agricultural Service staff via email at agexport@fas.usda.gov.
